DISARM - Internal Status Report
September 2021 – February 2022

1. SUMMARY OF IDF ACTIVITIES 2021 - 2022[1]

The extension of the project was granted to advance specific work packages of DISARM members, in particular WP4 Multi-actor farm health plans (to which IDF does not contribute) and some limited amount of work on WP5 Communication, dissemination and legacy.

DISARM is coming to an end in June 2022. The Final DISARM Stakeholder event will take place on Monday 16 May in the afternoon in COPA-COGECA, Brussels.

Communication activities

The IDF Head Office has carried out the following communication:

Progress to date:

- Outreach events – IDF has prepared two more events, making it for 5 as total for the project:
  1. 24 February 2022 - Fourth IDF Webinar | Management of calves from birth to weaning

Upcoming event

2. 30 March 2022 - Guidelines for defining quarter and udder health status and cured clinical and subclinical mastitis cases. It complements the Bulletin of the IDF No. 515/2022. International Dairy Federation (ed.), Brussels.

Social Media

- **Twitter:** regular updates (IDF accounts and DISARM account)
- **Participation on the Antimicrobial Awareness Week** between 18-24 November 2021
- **Project DISARM website:** IDF promoting content.

Project Management

The IDF Head Office has been involved on the following activities:
